Re: File Nos. WP-055-14 & WP-078-14

Dear Ms. Leffingwell:

As of May 9, 2014 the Town of Mangonia Park has completed all of the corrective actions associated with the above file numbers. The Florida Department of Health Palm Beach County (Department) appreciates the efforts the Town of Mangonia Park has expended to resolve these matters. The Department is, therefore, closing this case without enforcement.

The issues which have been corrected include:

- Failure to issue a Public Notice in December 2013 and January 2014.
- Failure to collect routine and repeat samples.
- Maximum Contaminant Level violation for total coliform

Please note that the Department could be required to initiate formal enforcement actions against the Town of Mangonia Park should the corrective actions fail to prevent future compliance issues.

If you have any questions, you may contact Pamela Lape at (561) 837-5947 or by email at pamela.lape@flhealth.gov.
