

# C.L.E.A.N. Mangonia Park

Proactively keeping your business community safe and clean.

Dear Customer,

Overflowing bins pose health and safety threats to your business and our community. On May 16, 2107, the Town of Mangonia Park adopted an anti-litter program. Help do your part to keep Mangonia Park safe and clean by making sure all trash is contained in your designated container with the lid securely closed. Please take a few minutes to review the C.L.E.A.N. program and let's work together to keep the Town of Mangonia Park a safe and healthy place to live and work!

## Community

Community aesthetics and pride start with well-maintained and proper use of waste and recycling containers.

## Litter

The C.L.E.A.N. program identifies overflowing bins and illegal dumping around your business that can be unsightly and negatively impact your business and community.

## Environmental Protection

Prevent storm water run-off issues related to trash. Identify recycling opportunities to increase diversion and participation. Prevent scavenging animals.

## Avoid Overage Service

A service overage charge of \$200 will be added to your invoice if the lid to your container is open 10" or more with excess material.

## Notice

Waste Management drivers use on-board computers to take digital pictures of waste on top of, surrounding, or blocking the bin. The driver will collect all material and leave the area neat and tidy. Customers will receive a notice that their trash bin was overflowing and a service overage charge of \$200 will be applied.

If you have more material than will fit in your container, please call Waste Management Customer Service at (561) 547-4000 or Mr. Pat Eboli at (954) 574-2059 to discuss recycling options or right-sizing your service.

## Mangonia Park Commercial Customers Keep the Lid on Overages

**YES!**

Containers with a securely closed lid prevent unsightly litter and scavenging animals.

## For the benefit of our community, materials must fit inside a container with the lid shut.

We're here to help your business put a lid on overages. Call Waste Management Customer Service at (561) 547-4000 or Mr. Pat Eboli at (954) 574-2059 to discuss right-sizing your containers and service.

**NO!**

Overfilled containers are subject to a \$200 service overage charge.
